SEC 1313	11:00-11:50	MWF	S-2	Records Management	Bounds

\*6 weeks - September 30 to November 5

Mrs. George Johnson

# EDUCATION AT CLARKE COLLEGE

Albert Einstein once said that "Education is what you have left after you've forgotten everything you learned in school." At Clarke we believe in **education**, not school. This same philosophy has prompted Clarke President A. C. Johnson to state that "academic training **alone** is not enough to face the challenge of the future." There must be **more**! A society that neglects man's spirit and cultivates only his mind can never survive. This added element, this "more" is provided through Christian education at Clarke.

There are many advantages to attending Clarke College.

**Size** - We're small enough to create a friendly educational community and yet large enough to offer course work in virtually any field.

**Faculty** - Clarke's faculty is well trained - 50% of the full time instructors hold the doctorate - a figure far higher than other junior colleges. Our instructors are never too busy teaching to listen to what students have to say.

**Environment** - Clarke's environment is distinctively Christian. Our alumni tell us that the environment at Clarke cannot be found anywhere else, that there is a spirit of Christian friendship and cooperation unequaled at any other school.

**Financial Aid** - In America today no student is denied an education because he cannot pay for it. We at Clarke have a special commitment to aiding worthy students who wish to attend our college. Our office of Financial Aid participates in numerous federal, state and private programs of financial aid. We also offer many scholarships, grants-in-aid and institutional work programs.

If you're thinking about college, full-time or part-time, don't make your decision until you've talked to us. We may not be the biggest college around, but we're trying to be the **best**. Call 683-2061 today.

Admission to Clarke College is not denied to any student on the grounds of race, color, sex, national origin or handicap.
